

Public Health Scotland

Strategic Plan 2020-23

PHS 08/20

Agenda item 6

2 September 2020

Purpose:

This paper shares with the Board

- a revised version of the 2020-23 strategic plan **for approval**
- a report on the engagement and feedback on the strategic plan **for noting**

Recommendation:

The Board is asked to approve the text of Public Health Scotland' 2020-23 strategic plan.

Lead Director / Head of Service:

Vicki Bibby, Head of Strategy, Governance and Performance

Paper authors:

Tim Andrew, Organisational Lead: Strategy, Planning & Change

Rachel McAdams, Organisational Lead: Strategic Development

Public Health Scotland

Together, We Will: Strategic Plan 2020-23

1. Purpose

This paper shares with the Board

- a report on the engagement and feedback on the strategic plan for noting **(appendix 1)**
- a revised version of the 2020-23 strategic plan **text** for approval **(appendix 2)**

2. Background

At its meeting in May and its Board development sessions in June, the Board discussed Public Health Scotland's first strategic plan. At its development session in August, it heard and discussed feedback on the draft strategic plan.

We published our draft strategic plan on 3 July. We shared it with a range of stakeholders and all our staff. You can read in the engagement report (appendix 1):

- how we listened to stakeholders and staff
- what they said
- how we changed the draft strategic plan as a result

We are asking the Board to **note** this report.

Appendix 2 has the revised text of the strategic plan. We are asking the Board to **approve** this text.

3. Next Steps

We will share the strategic plan with stakeholders and staff later in September. Between now and then we will put it a design that reflects the excitement and ambition of the strategic plan.

We will also share the engagement report with stakeholders and staff who engaged with us in the development of the strategic plan.

4. Recommendation

We recommend the Board:

- Approves the revised text of the strategic plan
- Notes the engagement and feedback reported in the engagement report
